Games People Play

Sexual doldrums can sap the excitement on a relationship. These sex games can put the spark back in your sex life.

The techniques in this article will work for everyone, married or not. The point is that if your spouse (or partner) may find yourselves with a case of the sexual doldrums, you may not need a month's separation or a truckload of erotic gadgets to rekindle your sexual desires. A seduction scenario may suffice. All it takes is the ability and willingness on both your parts to play a little game.

The name of the game is pretend you don't live together (or aren't married). Pretend, in fact, that you've never had sex together at all.

Now, one of you has to seduce the other: I am not referring to playing "timid virgin" in bed, however. That's another game and equally valid; but I'm referring to games played on a larger scale and usually out of the house. And, I should point out to you, that these days the seducer absolutely, emphatically, does not have to be the man.

Seduction #1 **The Phone Tempter** **(or Temptress)**

You call him (or her) on the phone, possibly while he or she is at work. Or, leaving the house on the pretext of going down to the corner to buy a pint of ice cream, you find a place to make a call. Once on the phone, you speak in a low, sexy voice. You tell him/her that you would like to meet later for a very private rendezvous. You have to do it in words that are comfortable for you, of course, but here's how:

Taylor, a friend of mine, approached her husband Rick one day at the office. She works in an office with a quitting time of 4:30; his office closes at 5:30. She usually goes straight home on the bus, taking the opportunity to rest, relax, freshen up and change her clothes before Rick gets home. But this particular afternoon, she went only as far as to

make a call from her office building.

Taylor: "Is this Rick? I'm a great admirer of yours. I've wanted to call you for a long time, but I thought you might think I was too bold. There's something I've wanted to tell you. I don't know if the phone is the proper way to do this, but can we get together later at my place?" (Here, she gave him her address—that is, their address, of course.)

"The thing I really want to tell you is how much you turn me on. I've never met a guy who had the effect on me that you do. I can feel it from my head to my toes, and especially right about that sweet spot between those points. I've got a bottle of wine in and some candles, and an awesome dinner prepared. Do you think we could start with the dinner, and then maybe see what comes afterward?"

Taylor would have probably gone on even more graphically from there; by her own admission, afterwards, she was getting herself turned on by just-standing there on the

phone talking like that. But Rick cut her short by saying, "To hell with the fuckin' dinner. We'll leave dinner for our dessert and see about the 'what comes after' that you mentioned, for our main course."

What Taylor would have said next is anyone's guess. The call ended and she didn't bother to redial the number. She was—they both were—in too much of a hurry to get home and get it on. Rick, in fact, made some excuse about an upset stomach and left his office not five minutes later, almost an hour before the office closed.

They fucked with fervor that day that neither had felt in years. They spent three-and-a-half hours at it. Usually, according to Taylor, they averaged 30 to 45 minutes from the first sexual advance or verbal overture, "You wanna screw around?" Never more and sometimes less, Taylor assured me.

Seduction #2 **The Candlelit Dinner** **(or other romantic setting)**

Since cooking is still done by more women than men, this is one that more women than men have a chance to initiate. But it's not a woman's territory exclusively; it works for everyone. In fact, in spite of Rick's eagerness, in the example just provided Taylor insisted that he have the dinner, wine, and all that she had planned. She dressed for the occasion (something black and slinky), lit some candles, poured the wine, and didn't serve hamburger. In a pinch, the meal itself can be something ordinary. If the candlelit dinner isn't preplanned and there's nothing in the house but mac and cheese, just serve it on the good dinnerware, dress up the room, the table, and yourself. Spray perfume in the air, or burn incense. Turn the lights down low. Your soon-to-be-fucked partner will never notice what's on the plate.

The key to the whole thing is tim-

ing. As with the striptease, whose key element is "tease," it will never do to rush. Serve slowly. Eat slowly, Finish the meal. The anticipation will heighten the desire growing in both of you. Afterwards, you may never get to the bedroom. Having waited so long, one of you will probably throw the other one down on the floor of the dining room, living room, or kitchen. It may be well to have a throw pillow strategically placed nearby, in advance.

Seduction #3 **The Assignment**

Arrange a meeting. Tell your partner that you want to meet her or him in a dark bar or cocktail area of dimly lit restaurant. Pick either someplace romantic or somewhere with a nasty reputation, depending on your preference and how far you can carry this game comfortably. If you are a bit uneasy to be seen in a place like that, for fear people will think something that isn't exactly how you are, then don't do it. Making yourself uncomfortable will not ensure a good outcome. Meet as if you were either strangers or people who had met earlier that day for the first time, and had arranged to meet here later on. Choose whichever game appeals to you more. Or invent a variation of your own.

Have a few drinks together. The woman may want to play at being brazen and very forward. Or she may prefer to play coy, almost hard to get. The man should of course play the appropriate opposite role—at least for a while. If in a darkened restaurant where many illicit lovers meet, away from the scrutiny of their spouses, then be furtive. Look around, as if watching to see who

is there who might spot you when you don't want to be seen together. When you have had some drinks under your belt or some dinner and played the game to the max, you can go home without stopping at the store to pick up some milk. You won't have time to drink it anyhow. Or you can go to...

Seduction #4 **The Motel**

If possible, pick one that has a reputation for catering to the hourly rate trade. Or at least, don't pick one where you are known by anyone. Don't bring luggage. Sign in with assumed names. Or use your right name and giggle and look at each other. Play out the role for those around you, and pretty soon you'll start to feel wicked as hell from half-way believing it yourselves.

Joe and Kelly tried it once. They had been married a year and a half, loved each other very much, and were just beginning to feel the dull edge of the doldrums cutting into their marriage. Everything else was fine, but sexually things were kind of dull, so they used a motel for sexual purposes.

One evening, this couple checked

into a motel with no bags. Kelly's hair was disheveled, as if she had been engaged in some pretty heavy sex in the car, immediately prior to arriving at the motel. (She had done it herself with her hand, immediately before getting out of the car, just to achieve the effect she did.) Both kept looking around as Joe signed in. He hesitated before signing, looked at Kelly who managed to blush and looked away, made a "mistake" and crossed it out.

By the time they reached their room, the excitement between them was running high. It was as much a feeling of wickedness as anything sexual at that point. About

About 50/50, Kelly said later, but they managed to use the non-sexual excitement and turn it into something sexual as soon as they grabbed each other and started kissing. They were halfway to the bed when Joe, in jest, said to Kelly, "What did you say your name was?" Playing along with the game they had started downstairs struck her as funny. This slowed things down for a couple of minutes but they both got back on the right track very quickly. It felt so wicked, being in that motel

room!

Kelly started nibbling on Joe's ear, and Joe grabbed her and pulled her right down to the bed. "What would you say we were doing in the car?" Kelly asked, referring to "The Game."

"Kissing and petting," Joe said.

"Then let's do it here," Kelly said, with her eyes sparkling. "Wouldn't want to cheat ourselves, would we?" And they did, with feverish hands roaming over each other's bodies and excitement that was not pretended this time. Kelly's hair got good and mussed up and this time, for real.

It wasn't her own hands that did it. Joe was more ardent in the fucking that followed than he had been at any time since she had first known him. The mark he left on her neck that evening embarrassed her at first, but after the first day, when she noticed that the other girls in the office were looking at it more with envy than anything, she wore it like a smart military decoration—with pride—and stopped trying to cover it up with a scarf.

There's a funny punchline to the story, besides the happy ending: A month later, flushed with the success of their first adventure, this couple

decided to do the same thing again. Not wanting to become well-known at the motel, through going to the same place every time, they chose a different motel this time. They checked in, going through the same charade as before. There was something to the look in the desk clerk's eye that caught their attention. But, as he didn't attempt to refuse them a room, they went to their tryst, had sex with tremendous passion, and thought no more about it.

They didn't stay the night, as they felt a need to return home for various reasons unrelated to what they were doing. After four hours of sucking and fucking in every position they could think of—and some wild screams that they feared might bring the police—they got so carried away that they forgot they were in a semi-public place—they finally took a long hot bath together and checked out of the motel.

The same desk clerk was still on. Again, he looked at them with a half-smile on his face. "There's something about you two," he said. "You're not what you seem to be."

"Oh, it's all right; we're married," said Kelly, still playing "The game."

"I know; I believe it." The desk clerk broke out laughing. "You're

having a little sexy get-together, aren't you?" he asked. And then, when Kelly and Joe were too confused to answer: "My wife and I do the same thing: Once a month, regularly."

"We really shouldn't do it so regimented, though. Know what I mean? The very fact of doing it on a certain schedule takes some of the fun out of it. Still, it helps. We've been doing it for six years now. Never here, of course. Got to be someplace they don't know. I work nights, so we do it days. One day a month. Last Thursday of every month. Thursday's my day off. Boy, do we go to town! Nothing like it to keep a marriage cooking!"

"How did you know?" Joe asked. "About us, I mean."

"I don't know," the desk clerk answered, truthfully. "It wasn't anything you did that gave you away. I guess it's just one person who does the same thing can spot another. Sixth sense, maybe. Just being familiar with it, from doing it ourselves."

Joe and Kelly never went back to that motel—except for once, on a Thursday, when they knew that desk clerk would be off work. But they do

still go to hotels and motels, sometimes as far as an hour away from home. And, taking a page from the desk clerk's playbook, sometimes they go during the day. Though it seems less romantic to them, it seems somehow wicked; there's just no way anyone could mistake them for legitimate travelers, they feel, when they check into a motel at eleven in the morning.

And the best screwing of their lives goes on in those hotel and motel rooms, and very often at home for several days afterwards. Kelly has the marks to prove it—on her neck, on her breasts, on her thighs, on her belly, and underarms, a favorite spot of Joe's. And Joe has the scratch marks on his back for days afterwards, reminding him every time he looks in the mirror, what a hell of a tigress he's married to!

There are other games for couples to play, of course. And know that with a little time and imagination, you'll come up with the right combination. This article is merely to get you started in the right direction. Truly, there are no excuses for the sexual doldrums in any ongoing relationship. All it takes is willingness, imagination and cooperation to play some little games.

Uniforms Turn Her On

I thought of Charlie and what it would be like tonight as we played out our roles in our costumed sex drama. I trembled all over, my scalp itching, my pulse pounding with eager anticipation as I struggled into the rubber girdle.

I wriggled my ass this way and that, inching the troublesome garment up and over my sweatdrenched skin. I sucked in my breath as hard as I could while I fought to fasten the confining zipper. How could women have spent whole days in such a torture rig?

I began to experience the most profound erotic sensations. The lips of my cunt quivered. The hot fluid of my love juices flowed down the sensitized flesh of my inner thighs. I could not resist the desire to play with myself. My trembling fingers touched my swollen clit. Almost immediately I was engulfed by a profound orgasm. It raged through me with the force of a flood-ravaged damn bursting.

When at last I could control myself once more, I slid into a pair of panties. They were not the sleek and provocatively designed wisps of nothingness women favor today. Not at all. Instead, they were fully cut with flaring leg openings, a baggy seat and side buttons of mother-of-pearl to hold them more or less firmly in place.

I had to laugh at the sight of myself in the mirror. I was all bulges and wrinkles, reminding myself of an unmade bed. There was the stretching of garter tabs, the contortions required to attach the stretch tops of coarse denier hose to the garter tabs of my girdle.

I studied myself carefully in my underwear. It couldn't be called lingerie; that's too fancy a word for it. Then it

occurred to me that tonight olive drab would be a much sexier color than sheer black, satanic red, shocking pink or virginal white.

To complete the effect I slipped into my cotton blouse and itchy wool skirt. My mood of passion became stronger as, in my mind's eye, I truly was a WAC from 1942. World War II was shaking up the world and men and women often had to settle for a few moments of frenzied sex.

I had just patted my last hair into place when I heard Charlie's key in the door. Realizing he would be shipping out in hours, I didn't have a precious second to waste. I went leaping into his arms. Charlie ran his hands up and down my girdled ass as he sought the entrance to my flexing asshole. Then he gave me a playful and affectionate whack on my foundationclad butt that sent vibrations flashing straight to my pussy.

He told me to sit down momentarily while he opened a bottle of wine. I turned on the speaker and played our favorite song from the day. Charlie moved behind me and put his arms around me. I leaned back, pressing my ass as hard as I could against the rock-hard girth of his glorious cock. He began massaging my breasts through the material of my blouse and bra, paying special attention to my sensitive, hard nipples. He worked lower over the flat softness of my belly, down into the V of my crotch. Feeling wildly giddy, I impulsively grabbed Charlie's hand in both of mine and held it firmly against my dripping pussy.

My lover teased the sensitive skin at the nape of my neck and the inside of

Our faces grew red,

my ear with his tongue. He whispered urgent words of undying love as we suffered and celebrated the agonizing emotions of our impending separation.

As the song played on, we listened to the touching love ballads of World War II. Charlie turned out the lights, except for one very small lamp. In its warm and intimate glow, my man began the arduous task of undressing me.

The work was fun for both of us. To Charlie it represented a challenge and a puzzle. It filled me with a sense of rising anticipation that caused my heart to pound.

I had to laugh and marvel at Charlie's ingenuity and persistence as he inserted his hand through the leg band of my step-ins and up into my vagina and ass. To accomplish this maneuver, he had to bypass the cumbersome, restrictive girdle.

I locked my legs together as hard as I could to increase the friction as he simultaneously thrust his long, artistic fingers as deep as they would go into my convulsing cunt and ass. I rocked back and forth, reveling in the sensations of Charlie's dynamic yet tender foreplay. What an ardent and considerate lover my man was.

It was sweet. Charlie wanted to be deft and man-of-the-worldish as he undid my garters, peeled off my tan rayon stockings, fiddled with the buttons of my panties, and finally got down to the business of tugging me out of that damned girdle. Sweet, but not easy.

There were grunts and groans from each of us. There was perspiration to spare. Our faces grew red, and soon we were both panting and gasping in our combined effort. In the end we found ourselves both ripping and clawing at each other's flesh as our writhing bodies demanded that Charlie get on with impaling me on his glorious, perfectly lovely dick.

It was beautiful, being crushed under the full weight of my driving lover and feeling him grind me into the softness of our living room couch. Wrapping my legs as hard as I could around his hairy ass, I gripped him with all my strength and held him deep inside me.

My body picked up his rhythm. Ris-

ing and falling, we moved from side to side as I matched his thrust with my own surge. His dick filled me completely. His hot flesh pistoned with long strokes between the soaked and convulsing sides of my pussy. I found myself going absolutely mad with a million sensations, not one of which I could have controlled if I had wanted to. Every nerve, every fiber within me was electrically charged with the erotic force of Charlie's powerful and passionate fucking.

I reached up and gathered my "warrior" in my arms, cradling his head in the warmth and comfort of my sweat-soaked tits. My tiny fists beat steadily against his back. I responded in ecstasy to the now tender, now brutal caresses which told me so much about his love for me.

The music played on, as if from far away. The tender ballads of another place and time swept me up in a surge of emotion from which I never wanted to emerge.

At last our passion subsided. We lay fulfilled and dreamy, cradled in each other's arms. We didn't say a word; we didn't have to. Each of us understood how perfect our little scenario of erotic drama had been. Each of us recognized how many opportunities for imaginative passion scripts lay before us. We knew that as long as our imaginations remained vivid there would be a never-ending number of sexy situations which could be used to reveal hitherto unknown facets of ourselves to each other. Our sexual fun and games would go on and on.

How did we luck into this idea of dressing for sex?

It all started as the result of a practical joke on my part. Charlie and I had been on a skiing trip that had been turned into a bummer when he tore his MCL. Needless to say, my man was in a funk because of the accident. We'd waited so long for the vacation and now he'd have to spend it limping around the chalet while everybody else headed for the slopes.

I felt really sorry for him, and being somewhat of a practical joker I decided to do something to cheer him up. Some sort of a gag might do the trick,

BLAIR-NTS-10

Without a slip, the uniform revealed everything about me. Knowing that made me feel terribly sexy.

I reasoned.

Off went the morale department (me hitching a ride into town in search of the perfect gift for my stricken man. There wasn't much being offered by the merchants there that one would call imaginative. I found myself growing more desperate by the minute.

Then I spied what I was looking for in one of those women's apparel stores that feature lingerie, housedresses and uniforms.

Uniforms—that was it! What man wouldn't appreciate having the woman in his life all dressed up like Florence Nightingale and nursing his wounds? Maybe I was crazy, I thought. Perhaps the idea would bomb, but it certainly seemed worth a try.

There was only one uniform for me: white, crisp, professional and two sizes too small. Combine that with a handful of scrumptious, filmy lingerie and I'd be the sexiest "nurse" who'd ever given a man an alcohol rub.

I hurried back to the chalet. Into the bathroom I went, while Charlie groused and limped around our bedroom. Off went my ski clothes and on went the seductive bikini pants; the bra, which let my coral-tipped nipples come through; and the nylon nurse's uniform, which was tighter than a second skin. While pinning my long hair under my nurse's cap, I had a good chance to study myself in the mirror.

Without a slip, the uniform revealed everything about me. Knowing that made me feel terribly sexy. Patting my ass to smooth the skirt down and taking one last look in the mirror, I went on "duty."

Charlie took one look at me and an appreciative grin spread over his face. It was like the sun breaking through after a three-day blizzard. Without a word being said, I knew I'd scored—and scored big. Trying to act very calm, cool and professional (three things I certainly didn't feel), I walked toward Charlie.

"Time for your therapy, honey!" I whispered. My voice was huskier than I remembered having heard it before.

My man got into the spirit of things immediately. He let me lead him right to

our bed. He put up no resistance at all as I began stripping off his clothes. The toughest part was getting off his briefs, because his hard-on was so rigid.

I knelt before Charlie, my lips scant inches away from his gloriously engorged cock. I felt his hands on my head, gently pushing my face into his groin. I knew what he wanted and I would give in to him, but not yet. "First you must have your temperature taken," I laughed.

Protesting, he finally allowed me to place him face-down on the bed. Of course, I had no thermometer, but neither of us missed it. Shoving a finger knuckle-deep into his tight little asshole did the trick much better.

I sat on the bed beside Charlie, letting my finger do the walking through his dark passage and watching his frenzied reactions. I felt all strange inside, as if I were actually a nurse.

Soon I was astride Charlie, my nurse's uniform hiked way above my waist, my naked ass high in the air as I bent down to pay lip service to my "patient." This was not the first time Charlie and I had engaged in oral sex, but it was the best it had ever been. Our sharing of a very harmless and erotic charade was making us feel entirely new sensations. There was a sense of adventure which made us more passionate than we'd been before.

Yes, we had sex that afternoon in just about every way a man and woman can enjoy each other. And we thought about it a lot afterward. It came to us that just a simple thing like dressing up and acting out our costume fantasies would enable us to explore new dimensions.

Since that time I've been a ballerina, a harem slave, an Amazon warrior and a hundred or so other heroines. Charlie has been a biker dude, a seafaring man, a scholar in cap and gown. It's all been very wonderful.

I find myself constantly searching for new costumes. "What if I try this item?" "How will Charlie like me in that one?"

Together we concoct our fantasies. Even when we're not acting them out we're thinking about them. That's what keeps our sex life so fresh and alive.

AUBREY

I just got home to find my lazy-ass roomie sitting on the sofa again. I thought of a way to get him out of the house, fuck him. Not a good idea, you may ask yourself. A perfect idea I tell myself. I see it like this... If I can get his sexual libido going a time or two, he'll want to have sex. Then I tell him I can't fuck him any longer, so he's going to go out and look for nookie himself. He's gonna be so wound up after a week or so, that he'll be out at the bars, grocery stores and libraries trying to get into some poor girl's panties, and off of my damn sofa!

Today's shopping trip to the mall will have to wait because the third friend just called and is going to be a couple hours late. Well that's not going to keep these two from having their own lady love-in. It's not long before the shedding of their lingerie gives way to cat-like growls and kitty moans as pussies are opened for hot tongues and fingers. It's too bad their friend's not here because three's a party and she could've been the center of attention. Go girls!
